VIRTUAL EVENT: Come and meet the Network Homes Leadership Team

Network Homes residents are invited to come along to our next virtual resident engagement event to meet members our Executive Leadership Team including CEO Helen Evans. The event will be held on **Tuesday 28 September from 6-7pm on Microsoft Teams.**

The event is part of our efforts to be open and transparent by default and give you the opportunity to meet and discuss issues with senior managers.

You will be able get to know our leadership team and ask them any questions you may have. We may not be able to answer specific questions about your home or tenancy and if not, we'll follow this up once we've looked into your query after the event.

For more information, including how to register, head over to our website:

Do you need support with claiming benefits?

Did you know Network Homes has its own welfare and benefits advice team? In recent years, the team has consistently assisted residents in obtaining unclaimed benefits of approximately £2million per year. If you're worried that your benefits are incorrect or wonder if you would be entitled to any, please call **0300 373 3000** or email welfareadvisors@networkhomes.org.uk.

Insurance for the contents in your home

While we insure the building you live in, it is your responsibility to insure the contents of your home. Contents insurance is designed to help protect your possessions. No matter how careful you are, there is always a risk that your belongings could be broken, damaged or stolen, so contents insurance can give you peace of mind.

We know insuring your contents is an additional cost and you may think it will never happen to you. Our insurance team can tell you it does happen and can happen to anyone. It has a massive impact on you if you do find that your belongings have been broken, damaged or stolen as it could cost thousands of pounds to replace your contents which is much more than the cost of insurance.

We've teamed up with Thistle Tenant Risks, and Ageas Insurance Limited who provide the My Home Contents Insurance Scheme, a specialist Tenants' Contents Insurance policy. The My Home Contents Insurance Scheme can offer you insurance for the contents of your home including cover for items such as furniture, carpets, curtains, clothes, bedding, electrical items, jewellery, pictures and ornaments. You can contact Thistle Tenant Risks on 0345 450 7288 or visit their website

www.thistlemyhome.co.uk for more information or to request a call back.

It's important to remember that there are other insurance companies who can also provide contents insurance and you should look at as many options as possible to ensure you select a provider that meets your needs.

Pigeons on your estate and around your home

There's a high cost each year to local authorities and housing associations to clean, repair buildings, and provide pest control proofing. If you feed pigeons around your home, you are encouraging them to roost and perch nearby. Pigeon droppings are acidic and can erode stonework, resulting in long term costly damage. The feeding of pigeons also attracts rats and mice, which take any uneaten food and can also cause a health risk to you and your family. Please do not feed pigeons anywhere on your estate.

Ending your tenancy

If you need to move out of your home, you'll need to give us notice to end your tenancy. Please ensure that you provide us with a minimum of four weeks' notice if you plan to end your tenancy agreement with us. You can do this by writing to us at Network Homes, The Hive, 22 Wembley Park Boulevard, Wembley, HA9 0HP, or send your notice by email to customerservice@networkhomes.org.uk or contact us by phone on 0300 373 3000.

Fire safety and fire strategy for your home

Network Homes has a zero tolerance to any personal items such as bicycles, shoes, plant pots, scooters, prams, etc., being stored in the communal areas, including in riser cupboards. This is to ensure escape routes remain clear for the need to evacuate in the event of a fire. Any items found in these areas will be removed and disposed of without prior notice. We must also remind you that smoking in enclosed spaces is illegal and barbeques are not allowed anywhere at this estate. **This is dangerous and puts everyone's safety at risk.** Anyone found to be ignoring this law could be found in breach of their tenancy.

There has been a lot of media coverage this past year of fires affecting balconies in blocks of flats across the country. If you have a balcony, it's important you take preventative measures to reduce the risk of a fire breaking out or spreading via your balcony. We've found some useful balcony safety tips you can use:

- Don't use BBQs on your balcony.
- Avoid smoking on your balcony and always ensure cigarettes are put out.
- Never throw cigarette butts over the edge of the balcony.
- Keep doors and pathways clear and clutter free.
- Don't store flammable items on your balcony.
- Always have a working fire extinguisher nearby.

The fire strategy is a stay put policy. This means unless you're directly affected by a fire, told by the emergency services or a Network Homes staff member to evacuate, you should stay in your home. Remember if you do need to evacuate because of a fire, do not use the lifts. Close the door behind you and safely make your way out of the building before calling the emergency services on 999. If you are unable to self-evacuate or evacuate using the stairs, please contact our Fire Safety Team on 0300 373 3000 so we can visit you and discuss a personal evacuation plan.

Anti-social behaviour (ASB)

If you think you're experiencing ASB, please check out our ASB toolkit to help you identify ASB and understand the steps you need to take if you're experiencing it. You can find the toolkit on our website at www.networkhomes.org.uk/asbtoolkit.

Report your repair through your My Network Homes account!

Damp and mould in your home

If you notice damp or mould anywhere in your home, it's important you do something about it sooner rather than later. In most cases, you might find that the cause is condensation and not damp. Condensation occurs mainly in cold weather but there are some changes you can make to reduce the amount of condensation in your home. We have information on our website about damp, condensation and mould, as well as what you can do if you notice signs of them in your home. Visit www.networkhomes.org.uk/condensation.
