Freeholder to carry out external wall investigations on Friday 9 September

The freeholder of your buildings has informed us that they will be carrying out some investigations into the external walls of your building. This will take place on **Friday 9 September**. This is following government guidance of looking at the external wall construction of tall buildings.

Thank you to the residents who have already agreed to provide us with access to your properties. We're grateful for your help as we work with the freeholder to carry this out.

Corridor investigations

On the same day, our contractor will also be carrying out some investigations into the communal corridors in two separate locations. Once those have been carried out they will return the corridors to their previous condition.

If you have any further questions, you can check our document library for your building's letters and documents: <https://www.networkhomes.org.uk/mybuildingdocuments/>. Or get in touch with us on customerservice@networkhomes.org.uk if you have any questions.

Kind regards

Raj Gandecha
Head of Resident Management (Building Safety)
