Dear residents,

Measuring taking place on Monday 7 November via abseiling

We've appointed Guildmore to carry out the remedial work required to the external wall system at Hindon Court. On Monday 7 November, some Guildmore operatives will be abseiling down the building – coming down on ropes. This is so they can take some accurate measurements of some panels on the external wall.

You may wish to keep your curtains or blinds closed for some privacy in case they come past your windows. Please also keep your windows closed on Monday if your home is in the area to the left of the red line down the centre of the picture. They'll be deciding on which areas to measure when they arrive on Monday.

Guildmore may also require access to some flats. We understand that this is short notice, so if they do knock and you are able to grant access, we would be very appreciative. All operatives will carry identification.

Your cooperation and understanding is greatly appreciated and we will be writing to you further with full details of the remedial work once Guildmore have conducted their survey. We will also be inviting you to a resident webinar to provide you with an overview of the work, so please watch out for this letter in the coming weeks.

You can check the previous updates we've sent here on our document library – it takes a little while to load: <https://www.networkhomes.org.uk/mybuildingdocuments/>. As always, please get in touch with us on customerservice@networkhomes.org.uk if you have any questions.

Kind regards

Raj Gandecha
Head of Resident Management (Building Safety)
