

Latest updates for residents at Magnus Heights September 2024

53 rent weeks from April 2024 to March 2025

This rent year is from 6 April 2024 until 5 April 2025, and has 53 Mondays, therefore 53 weeks instead of 52. This means there's an additional week of rent to pay. This will affect all customers except for customers who receive Housing Benefit. If you receive Universal Credit, and do not receive Housing Benefit, the Department for Work and Pensions will not cover the extra week of rent and you will need to pay it.

Find out more about how this affects you and what you need to do to ensure you cover your full year's rent by visiting our website at www.networkhomes.org.uk/53weeks.

If you're struggling to pay your rent, we can offer advice and support. Please contact our Income Team online at www.networkhomes.org.uk/contact-us or call us on 0300 373 3000.

Public bicycles and e-scooters

Downloading key fire safety information for your building

We're committed to making sure that it's easy for you to access the key fire safety information about your building that you need to know. You can download the Fire Risk Assessment (FRA) for your building and more fire safety information for your building using the Riskhub Resident Hub. All you need is your unique building reference number which you can look up [by clicking on this link](#) or by visiting www.networkhomes.org.uk/riskhub

Stay put fire safety strategy for your building.

The fire strategy for your building is a stay put policy. This means unless you're directly affected by a fire, told by the emergency services or an SNG staff member to evacuate, you should stay in your home. Remember if you do need to evacuate because of a fire, do not use the lifts. Close the door behind you and safely make your way out of the building before calling the emergency services on 999. If you would be unable to self-evacuate or evacuate using the stairs in the event of a fire, please contact our Fire Safety Team on **0300 373 3000** so we can visit you and discuss a personal evacuation plan.
